

DEFA has granted permission for the following scientific research:

- **Queen scallop survey in Isle of Man Territorial Waters**

Name of Organisation: Agri-Food and Bioscience Institute, Northern Ireland

Research Vessel: Research Vessel Corystes

Purpose of survey:

- obtain information on spatial patterns of abundance of different size and size-classes of queen scallops;
- collect biological information from queen scallops and scallops by areas, including tissue samples;
- collect information on bycatch species; and
- gather additional biological information on fish species.

Dates, times and location: To take place 4th to 13th July 2024 within Isle of Man Territorial Waters.

Positions of the stations within Isle of Man Territorial Waters are:

Station	Name	Latitude	Longitude	Latitude_DD	Longitude_DD
Bangor	14	54°1.96	4°11.17	54.03267	-4.18617
